SDXA - 01 feb 2018

the monthly meeting was called to order by prez w7tj, Randy, at 19:00 local.

the program(s):

- 1) [the program was phenomenal. Rob Fanfant, N7QT](#), gave a real “brass tacks” presentation on the realities of going on a DXpedition. The Mellish Reef group had to deal with tremendous heat/humidity, operating and transportation logistics, not counting the barrage of QSLs to be answered. The top ten most wanted are rare for a reason as he pointed out, activating these rare entities is difficult, expensive, and operators put themselves at personal risk as well. Rob would welcome participants as he plans to activate a few rare ones in the top most wanted over the next few years.

round the room: all gave a minute of what they have done just with ham radio the last month.

- 2) fair number of members excited about working Kosovo, Z6, the recently added new entity.

officer reports:

- 3) **secretary's (virtual) report** from wa0www, the last monthly minutes are at: <http://www.sdxa.org/?cat=10>;
- 4) **treasurer's report** from n7au, \$205 expenses: insurance and fees; \$486.48 income: dues and donations. dx funding: \$780; speaker funding: \$1000
- 5) **VP's (virtual) report**, next month, n7gco will give the program, see below.
